

FAASTeam presents:

# **Essex Sky Park Annual Wings and Wheels Aviation Safety Seminar Fly-In**

Join John Cutcher, DPE for the Baltimore FSDO and FAASafety Team Lead Representative for this informative presentation. He will take you inside the Potomac TRACON and explain in detail the communication flow and players involved in SFRA operations. This in-depth discussion will go well beyond the topics covered in the mandatory FAA SFRA Course. Increased awareness will make flying in the SFRA stress-free and enjoyable. We will present various situations which pilots have faced while operating in the SFRA and critically examine the outcome and alternatives of their decisions while acting as PIC. Want to fly in the FRZ? It is now easier to obtain a PIN. Learn all about the process so you, too, can exercise your 'freedom to fly' in the Washington DC environs. To attend this informative briefing, click the link below and register TODAY.

**Directions:** The meeting will be held in the community hangar at the Essex SkyPark airport.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
